Looking Ahead — Q1 2025 Priorities

Q1 2025 Focus

- **Fix Stage 5 → 4 leak** — embed 24-hr SLA from Lead → Discovery; target +20 % demos set.
- **Expansion motion kickoff** — pilot “Growth Pack” add-on in 25 key accounts; aim for **\$3 M** upsell closed by March.
- **Churn containment (South region)** — reactive CSAT playbook + two new CSM hires; goal **reduce churn > \$50 K MRR to zero** in Q1.
- **Support volume deflection** — ship in-app knowledgebase; cut ticket backlog 20 %.
- **NPS push** — “Voice of Customer” sprint; lift average to **45+** by quarter-end.
